NEW FROM THE AUTHOR OF *THE ORACLE YEAR*

ANYONE

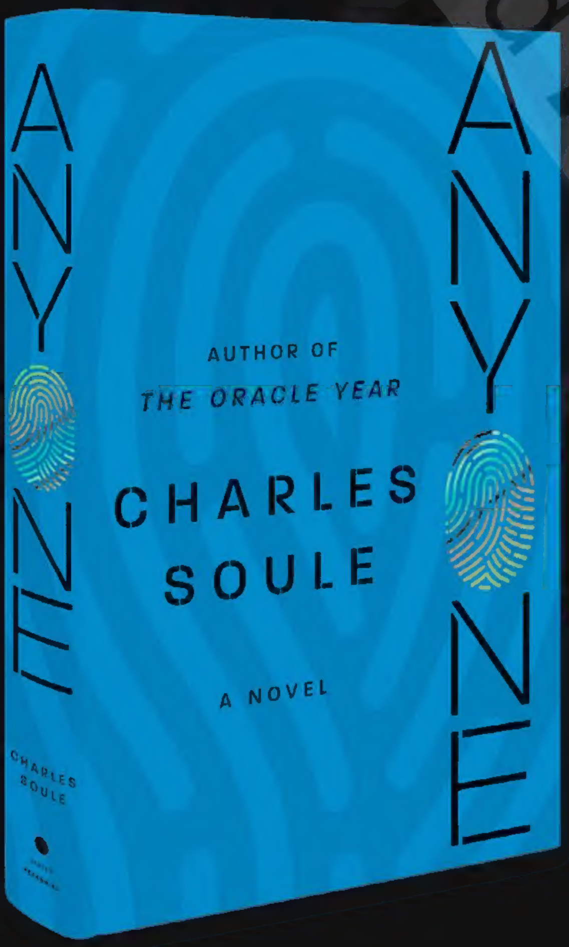
A NOVEL BY CHARLES SOULE

“Anyone is fast-paced and suspenseful. Soule’s uncomfortable vision of the future will please readers of cutting-edge speculative fiction.”

—PUBLISHERS WEEKLY

“A remarkable, consequential novel and a terrifying wake-up call.”

—SUSAN HENDERSON,
AUTHOR OF *THE FLICKER OF OLD DREAMS*



Charles Soule brings his signature knowledge—and wariness—of technology to his novel set in the near future about a brilliant scientist who creates a technology that allows for the transfer of human consciousness between bodies, and the transformations this process wreaks upon the world.

TITANIC TOMES!

Omnibus and deluxe editions have become one of comics' most popular formats; huge volumes that collect within their covers a complete series, or a large chunk of a comic book series. What makes a "Titanic Tome"? First and foremost, it's a volume's overall size. Whether a book stretches its format past the standard 7" x 10" or 8" x 11" sizes or pushes its page-count into upper digits past 200 pages, size does matter! And this month we're celebrating these massive collections throughout the issue, just look for the "Titanic Tomes" icon! And see **page 238** for some recommended Tomes of the "Titanic" variety!

HALLOWEEN FALLS ON THE 31st OF OCTOBER...

Just like the simple fact that HAN SOLO SHOT FIRST, Halloween has always, and shall always, fall on OCTOBER 31st! I know I'm not alone when I say that the vocal minority trying to usurp the holiday's timing (to serve their own selfish needs!) are way OUT OF ORDER! You simply don't mess with tradition, no matter how inconvenient it may be for you. Should we move Christmas or Hanukkah when they fall in the middle of the week? HECK NO. Why? Because you DON'T MESS WITH TRADITION. And Halloween has always fallen on October 31st, regardless of which day of the week that might be.

I'm looking forward to Halloween this year, as I now have an actual house that Trick or Treaters can visit! I'm slowly prepping for their arrival, gathering comics and toys to include with the traditional (!) Halloween candy... I want to do it up right. And I'm going to try to decorate appropriately this year... big plastic Frankenstein Monster, classic Halloween decorations and such. And I'll be dressing up for the night myself, but I'm not going to tip my hat here, as I'll be wearing my costume to work the week of Halloween, and I want it to be a surprise... to most anyway!

Also, if you still haven't seen this year's titles for HALLOWEEN COMIC FEST on Saturday, October 26th, then by all means, turn to **page 31** for your last chance to check them out before the big day! And don't forget to get your order in for our 2019 HALLOWEEN COMIC FEST COMMEMORATIVE ARTIST T-SHIRT, this year featuring the art of ***Batman*, *Deadman*** and ***Micronauts*** artist, KELLEY JONES! It RULES.

Also, this month in ***PREVIEWS***, we're once again celebrating one of my favorite comics formats of recent years, the OMNIBUS edition! Our "TITANIC TOMES" month pays tribute to the massive volumes that collect some of our favorite comics series, all in one heavy, not-easy-to-manage hardcover. But you get SO much inside... huge chunks of a long-running series, or a complete run! I went through an omnibus kick a couple of years ago, buying up the best of Lee and Kirby's works for Marvel, Kirby's Fourth World Saga and *Kamandi*, and DC Comics latest and greatest... and let me tell you: moving them all to my new home was a task! But they look great on a shelf, I have to admit it.

So, if you're in the market for some great omnibus action, start over on **page 238** of this issue, and then look for our "Titanic Tomes" icon throughout this issue. You know, the one with the ocean liner sinking after it ran into a giant book? What? Too soon?!

As usual, we've got a TON of great new items and bestselling backlist items from which to choose this month... literally something new to see on almost every page! This issue's items are scheduled to ship in December... which makes this issue's offerings potential gifts for family, friends or yourself, if you're into that whole "buying gifts for yourself" thing.

But let's not get ahead of ourselves. Halloween is days away. And Thanksgiving follows a few weeks later. Let's enjoy these holidays before we start breaking out the eggnog and decorating for the "Holiday Season"!

HAPPY HALLOWEEN to you all! I'll talk to you next month!

Your Pal @ ***PREVIEWS***,

It's all work *and* lots of fun at the fictional Berke's Comic Shop in our new strip, ***Comic Shop Tales***! Come back each month for a new tale, and go online at ***PREVIEWS***world.com for more strips during the month!

CAPTAIN AMERICA #1 HITS $915K IN HERITAGE COMIC & ART AUCTION

Heritage's Comics & Comic Art Auction was bolstered by many big sales, pushing the event to a total of $9,330,161.

Topping the results was *Captain America Comics* #1 San Francisco pedigree CGC 9.4 that soared to $915,000 – selling for $165,000 more than projected. The book, which came from the storied San Francisco pedigree, saw interest from three dozen collectors. It is ranked No. 8 on *Overstreet*'s "Top 100 Golden Age Comics" list, featuring the first appearance of Captain America.

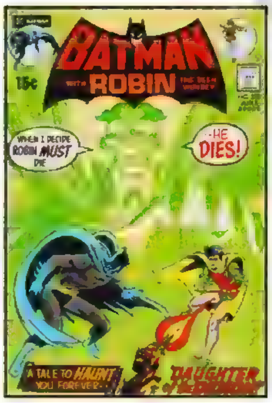
Additionally, a mid-grade copy of *Captain America Comics* #1 CGC 5.5 reached $156,000, with interest from two dozen bidders.

GOLDIN AUCTIONS SELLS POKÉMON CARD SET FOR $107,010

A complete first edition run of the Base Set from the 1999 release of the *Pokémon Trading Card Game* recently fetched six figures, selling for $107,010 at Goldin Auctions. The complete run contained all 103 cards in the set, all of which were graded PSA Gem Mint 10. For some of the cards in the Base Set, there are less than 50 accounted for in this grade.

Pokémon cards have seen high prices before, though it's clear that the Base Set and other early sets are on the rise; an unopened booster box from the Base Set sold last year for $56,000 through Huggins & Scott.

RA'S AL GHUL: THE IMMORTAL ASSASSIN



BATMAN
WITH ROBIN
15¢
WHEN I DECIDE ROBIN MUST DIE
HE DIES!
A TALE TO HAUNT YOU FOREVER
DAUGHTER OF THE DEMON

Ra's al Ghul is a man of many titles and easily one of Batman's most enduring enemies. He made his debut in *Batman* #232 in 1971, created by Julius Schwartz, Dennis O'Neil, and Neal Adams. Ra's has lived for centuries by using the rejuvenating chemicals of the Lazarus Pits to extend his life. While amassing a vast fortune, he became a master of many forms of combat and possesses a degree of proficiency with mysticism.

His desire to cleanse the world of corruption and achieve perfect environmental balance led him to become an international criminal and terrorist mastermind, often using biological weapons to assault the population. He is typically aided by his international organization, The Demon, of which the clandestine group of villains the League of Assassins is one part.

Please tell us a bit about yourself!

Locke & Key
Welcome to Lovecraft

My Twitter profile says that I wrote the novel *NOS4A2* — basis for the AMC show of the same name — and *Locke & Key* (soon to be a show on Netflix). The profile *doesn't* say that my first concert was KISS, or that my favorite movie is *JAWS*, or that I'm married to a brilliant U.K.-based editor… but all those things are also true.

What are your favorite projects you've contributed to over the past decade?

I've been creating the world of *Locke & Key* (*Vol. 1: Welcome to Lovecraft TP* / JUN090991) with my soul bro Gabriel Rodriguez since 2007, and it's never been anything less than a total blast! But then, all of the comics I've worked on have been so much fun it almost seems silly to imagine this could be an actual job!

What are you currently working on?

I stepped away from the day job of writing novels to spend a year as a full-time comics guy. At the moment I'm doing my best "Matt Fraction" impersonation by juggling four titles at once: *Dying is Easy* for IDW (*See Page 132* for issue #1!), *Plunge, Sea Dogs*, and *Basketful of Heads* (Issue #1 / AUG190432) for DC's "Hill House Comics" imprint. (Don't tell anyone but I'm also scripting new *Locke & Key* comics on the side!) And I'm curating other titles for DC's pop-up "Hill House Comics" imprint: *The Low, Low Woods* (Dec. 2019) by the amazing Carmen Maria Machado and Dani, a heart-stopping freak-fest called *Daphne Byrne* (Jan. 2020) by Kelley Jones and Laura Marks, and the chilling *Dollhouse Family* (offered this month in *DC* **PREVIEWS**) by *Lucifer* veterans, Peter Gross and Mike Carey.

IDW
JOE HILL MARTIN SIMMONDS
AN "S.T. HOLMES MYSTERY"
DYING IS EASY

What fun titles are you reading?

I never miss an issue of *Saga* (*Vol. 1 DLX HC* / SEP140591) or *Curse Words* (*Vol. 1 TP* / MAY170612) or *Criminal* (*Vol. 1: Coward TP* / NOV140569)! I've also been thrilling to the first few years of Hal Foster's *Prince Valiant* (Vols. 1-3: 1937-1942 HC Box Set / SEP171630). It's impossible to read it and not feel a little like comics peaked with Foster's work in the '30s and '40s and have a been going downhill ever since! Also, you know what's a somewhat overlooked graphic novel from recent history? *4 Kids Walk Into a Bank* (HC / JAN191666). Great one. Not to be missed!

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

Jeff Lemire builds the world of his super-hero universe in Dark Horse Comics' *Skulldigger: From the World of Black Hammer*. The urban vigilante Skulldigger and his sidekick Skeleton Boy may be Spiral City's last, best hope against the depredations of Grimjim, a vicious criminal mastermind, recently escaped from prison, who seeks retribution on those whom he believes wronged him.

STAND-UP COMEDY AND HARD-BOILED CRIME COLLIDE IN JOE HILL'S NEW IDW SERIES

Out on the comedy club circuit there's a saying: "Dying is easy. Comedy is hard." Carl Dixon is a comic. He's about to hit the big time. But he didn't get there the hard way. He didn't hustle. He didn't write his own material. Years of stolen jokes and muscling in on gigs made him an enemies list a mile long. And when one of those enemies turns to Syd Homes, bitter ex-cop and stand-up comic, for some payback on Dixon, Syd already has a price in mind to take him down.

The latest from the mind of *Locke & Key*'s Joe Hill, IDW Publishing's *Dying Is Easy* takes readers into the cutthroat world of the comedy circuit, a place with a code of honor that would chill a mafioso, where slights are long remembered, and where revenge is carried out backstage. Joined by artist Martin Simmons, Joe Hill's *Dying is Easy* takes comedy to a harder-edged level!

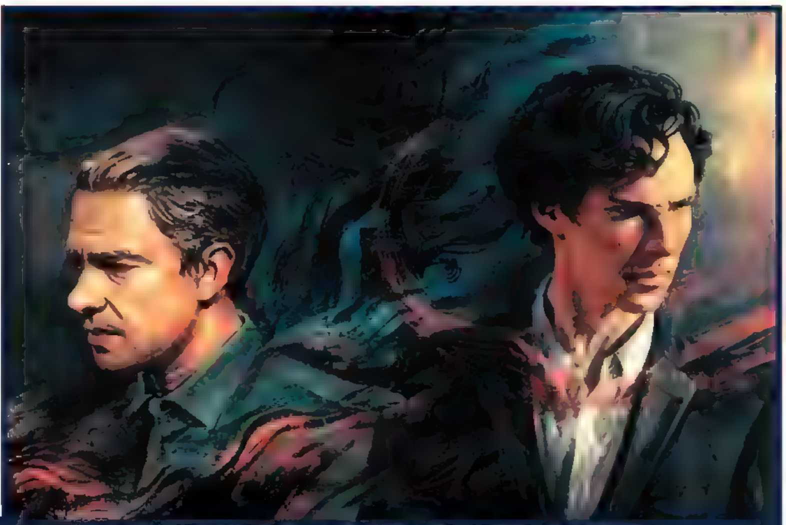
MANGA MYSTERY STARRING SHERLOCK? ENTER IRENE ADLER...

Sherlock: A Scandal In Belgravia #1 kicks off the next episode in the beloved manga adaptation of the *BBC*'s hit show, starring **Benedict Cumberbatch** and **Martin Freeman** as the iconic detective duo of Sherlock Holmes and Dr. Watson!

The story introduces famous femme fatale Irene Adler, one of few characters to defeat Holmes himself! This modern take on a classic clash of wits was adapted by **Jay** – we caught up with the artist for details of this manga mystery!



#1 – linked Cover A and B by Alice X. Zhang

Your likenesses of these iconic actors are astounding – how do you bring them to the page?

Jay You shouldn't try to capture absolutely every little detail. If I were to draw each individual wrinkle on Martin Freeman's forehead or around his eyes, the manga version of John Watson would just look like he's a very, very old man – which is wrong!

Instead, you have to get your first impression of that character down on paper, and only then compare it with the real person. For example, I always think of Watson as having round, soft eyes, but in fact they're slightly almond-shaped and quite sharp. I have to find a middle ground between reality and "image", until it looks perfect in the manga version.

> "YOU HAVE TO GET YOUR IMPRESSION OF A CHARACTER DOWN ON PAPER, AND FIND A MIDDLE GROUND BETWEEN REALITY AND MANGA."

Are there any details you have trouble with capturing?

Jay I'm really fascinated by Sherlock's eyes – whenever I'm drawing a close-up image, I have to make sure the shine of his eyes really works.I also have to take care when I'm drawing, because I always need to double-check the length of his face!

What's it been like to create such a well-loved adaptation?

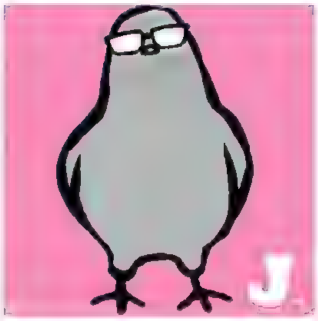
Jay It's a huge honor! Before I started this project I used to draw illustrations for a social media game, and fanart for various series. The chief editor of *Young Ace* (a monthly manga magazine in Japan) was a real *Sherlock* fan, and he just approached me with the project.

At first I wasn't sure if it was okay to pick an unknown like me, and even when I was at fan conventions, going abroad for signings and interviews, it didn't feel quite real!

How have you gone about adapting A Scandal In Belgravia?

Jay I always try to be as true to the original as possible. For dialogue and other text I use the translated Japanese scripts for each episode. There are also Japanese subtitles, which sometimes provide a shorter or slightly different version of the same text, but I try to avoid using them unless it would affect the tempo of the manga.

When it comes to "directing" the story, it's a bit different. There are plenty of scenes in the *Sherlock* TV series with long, slow shots. I can't directly mimic that in the manga, because then every panel and face would look the same! Instead, I try to introduce different perspectives or approaches to what would – on the screen – be the same shot, of the same character, at the same angle.



Who would you say are your biggest artistic influences?

Jay In terms of manga illustrators, I would say that I was most influenced by CLAMP (the all-female Japanese manga artist group behind such titles as *Cardcaptor Sakura*, *xxxHolic*, and *Tsubasa: Reservoir Chronicle*).

Among other illustrators, there's also Mutsumi Inomata (character designer for the *Tales Of* video game series) and Range Murata (artist for *The Animatrix* and *Blue Submarine No. 6*).

Sherlock is more realistic than my usual art in order to fit the series, but you can still see elements of my original style. If I didn't have a template – if I was just told "make a manga based on Sir Arthur Conan Doyle's novels" – I'd definitely have had bigger problems with my designs!

SCIENCE FICTION

Being a space trucker may sound like a cool job, but in reality it can be boring as hell. So when recently widowed Gil gets a long-haul gig across the universe, he figures it's safe enough to bring his young son Kadyn along for the ride. BACK IN PRINT!

Who are the Rat Queens? A pack of booze-guzzling, death-dealing battle maidens-for-hire, and they're in the business of killing all god's creatures for profit. It's also a darkly comedic sass-and-sorcery series starring Hannah the Rockabilly Elven Mage, Violet the Hipster Dwarven Fighter, Dee the Atheist Human Cleric, and Betty the Hippie Smidgen Thief. This modern spin on an old-school genre is a violent monster-killing epic that reads like **Buffy the Vampire Slayer** meets **Tank Girl** in a **Lord of the Rings** world on crack!

Comedy is Hard... but ***Dying is Easy!***
The debut of an all-new creation by **Joe Hill** (*Locke & Key*) and **Martin Simmonds** (*Punks Not Dead*)! Meet Syd *"Sh*t-Talk"* Homes, a disgraced ex-cop turned bitter stand-up comic turned... possible felon?! In part 1 of *Dying is Easy*, Carl Dixon is on the verge of comedy superstardom and he got there the dirty way: by stealing jokes. He's got a killer act, an ugly past, and more enemies than punch-lines. So when someone asks Syd Homes how much it would cost to have Dixon killed, Syd isn't surprised in the slightest. He's already got a figure in mind...

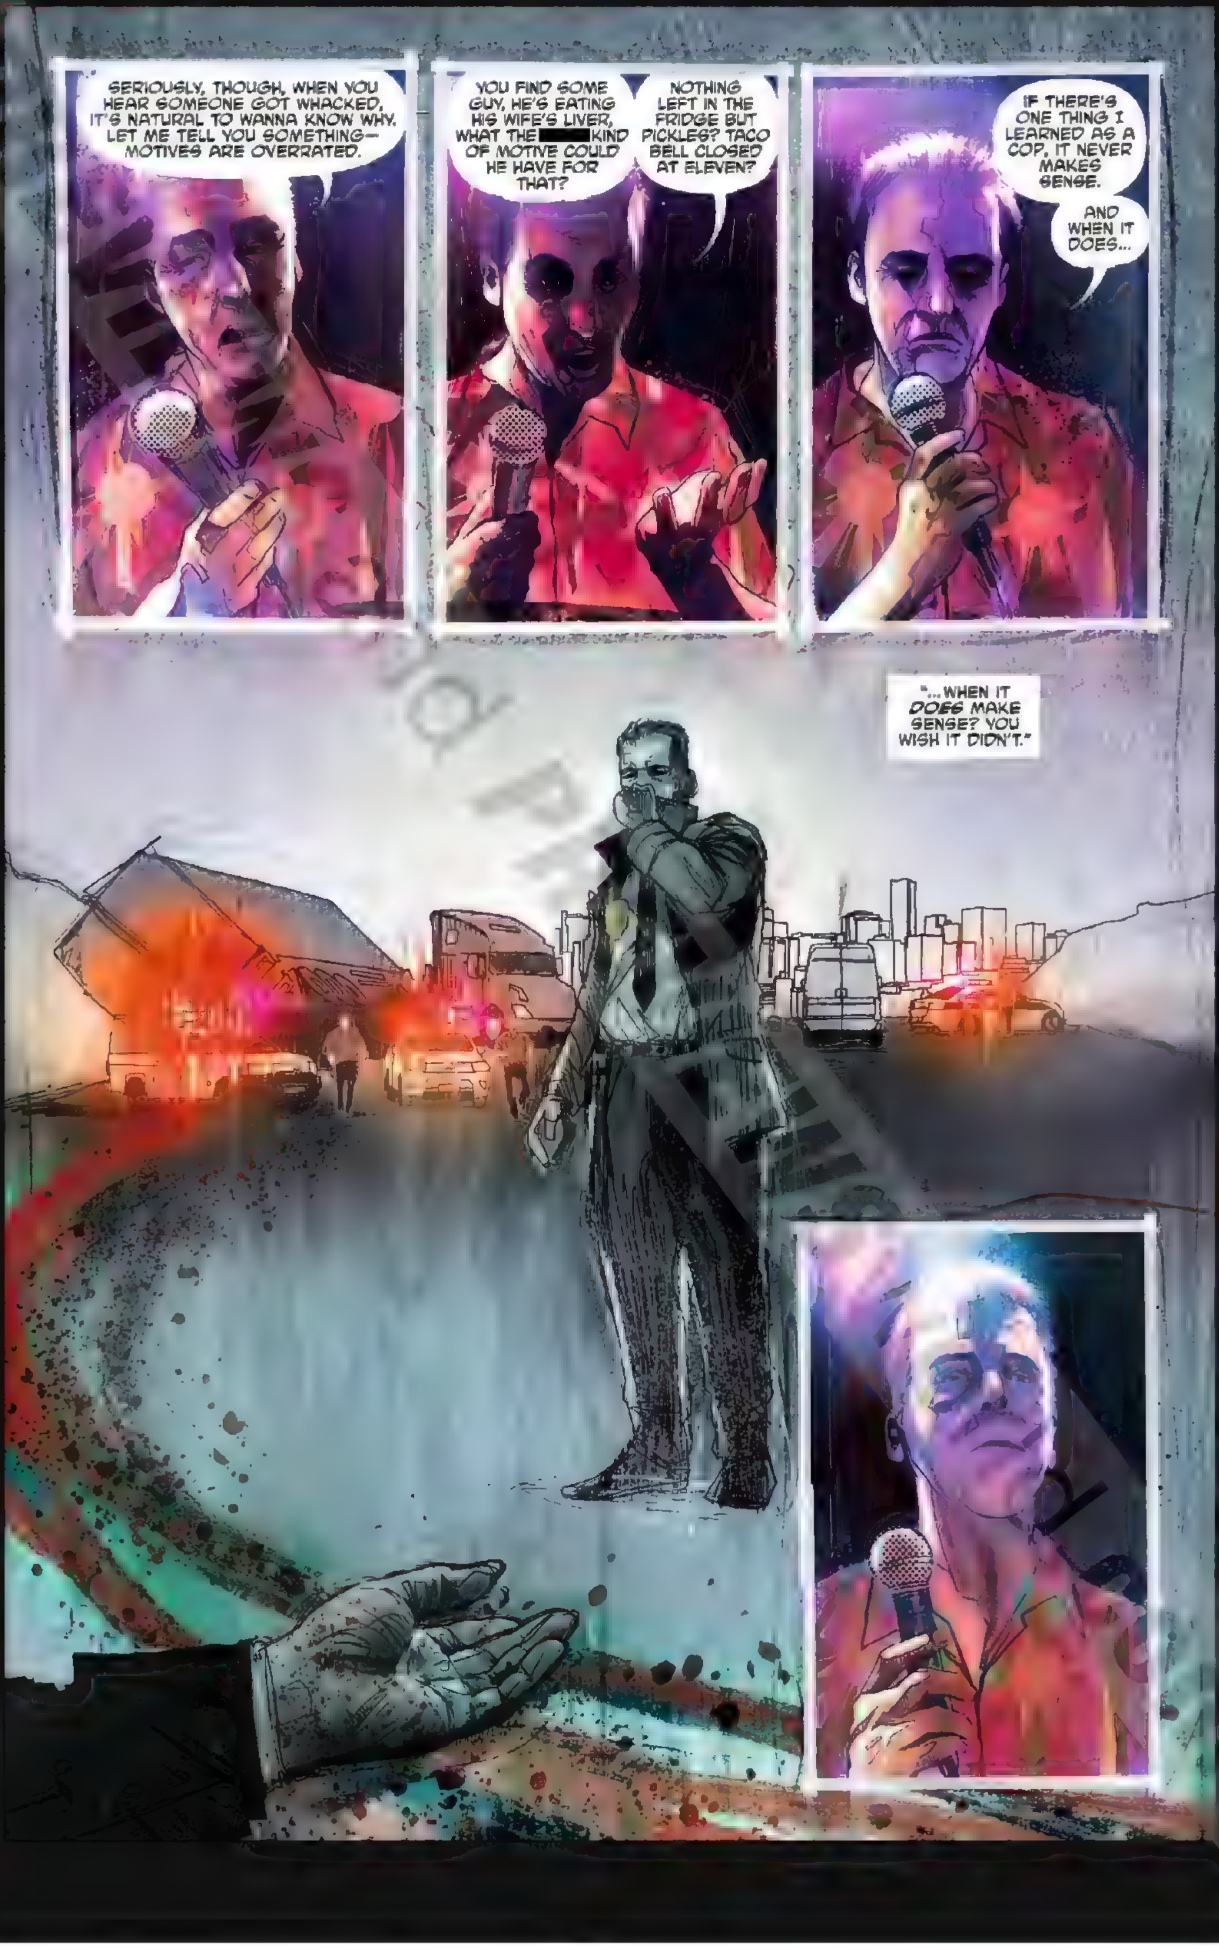
A LOT OF BOUNCERS ARE COPS CATCHING A FEW BUCKS IN THEIR SPARE TIME, OR THEY'RE RETIRED PEE-DEE.
I WAS A COP MYSELF A WHILE. TRUE FACT! FOUR YEARS IN VICE: *DRUGS, PORNOGRAPHY, GAMBLING,* AN ENDLESS PARADE OF THE LOWEST [redacted] YOU EVER MET. BUT THEN, YEAH, AFTER COLLEGE, I SIGNED UP WITH THE FORCE.
I WAS IN HOMICIDE FOR THREE YEARS. YOU MEET A LOT OF INTERESTING PEOPLE IN HOMICIDE.
THERE WAS THIS ONE GUY, WE GOT HIM SITTING IN FRONT OF THE TV WITH HIS MOTHER'S ***HEAD*** IN HIS ***LAP***.
WE ASKED HIM WHAT HAPPENED. HE SAID SHE DID IT TO ***HERSELF!*** CUT HER OWN HEAD OFF, MAN.
WE ASKED HIM HOW SHE DID THAT.
HE SAID, "QUICKLY."
PEOPLE ASK ME THE DIFFERENCE BETWEEN TV COP WORK AND REAL COP WORK. I ALWAYS SAY YOU NEVER MEET ANY EVIL GENIUSES IN ***REAL*** HOMICIDE.
WE HAD THIS ONE GUY WHO SHOT TWO PEOPLE SO HE COULD BE INTIMATE WITH THEIR COCKER SPANIEL.
WE TOLD HIM WE COULD PROVE WHAT HE DID TO THE DOG WITH DNA EVIDENCE.
HE SAID, "NO WAY! I PULLED OUT!" EVIL GENIUSES, MAN. I NEVER MET ONE.

© 2019 JOE HILL, MARTIN SIMMONDS, AND IDEA AND DESIGN WORKS, LLC.



SERIOUSLY, THOUGH, WHEN YOU HEAR SOMEONE GOT WHACKED, IT'S NATURAL TO WANNA KNOW WHY. LET ME TELL YOU SOMETHING--MOTIVES ARE OVERRATED.
YOU FIND SOME GUY, HE'S EATING HIS WIFE'S LIVER, WHAT THE [redacted] KIND OF MOTIVE COULD HE HAVE FOR THAT?
NOTHING LEFT IN THE FRIDGE BUT PICKLES? TACO BELL CLOSED AT ELEVEN?
IF THERE'S ONE THING I LEARNED AS A COP, IT NEVER MAKES SENSE.
AND WHEN IT DOES...
"...WHEN IT DOES MAKE SENSE? YOU WISH IT DIDN'T."

Two Castaways. One Goal. Zero in common. Get lost in this inventive sci-fi graphic novel about an extraordinary friendship and an incredible journey home.

Like many late-21st-century teens, geeky 16-year-old Vess gets packed off to spend her summer at Space Camp—which is literally in space. Tragically, a shuttle accident sends her and the rest of the passengers careening toward a cold, frosty death among the stars. But when a gigantic, space-faring water bear miraculously rescues Vess and her beloved retro Discman, it's the beginning of an extraordinary friendship, all set to the nostalgic tunes of Vess's 1990s-heavy playlist.

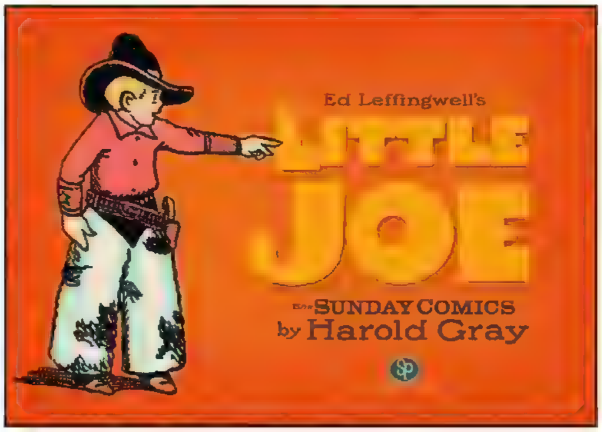
LITTLE JOE BY HAROLD GRAY



writer/artist/cover **Harold Gray**

Edited by **Peter Maresca and Sammy Harkham**

In 1936, after the untimely death of his cousin and fellow cartoonist Ed Leffingwell, Harold Gray took the reins of this seminal Western comic strip and brought it to a combination of dark adventure, as seen in his *Little Orphan Annie*, and a modern-West version of "family life" comics like *Gasoline Alley*.

This book presents the best of the *Little Joe* comic strips from 1937 to 1942, flowing with violence, humor, and warmth in a low-key style that could only be told in art and story by a master like Harold Gray.

CORTO MALTESE: BALLAD OF THE SALTY SEA

writer/artist/cover **Hugo Pratt**

Celebrate this milestone in the history of graphic novels, winner of the world's first-ever "Best Graphic Novel" award, taking the prize in 1976 at the Angoulême Fesitval.

Originally serialized beginning in 1967, this book is universally acknowledged as Hugo Pratt's masterpiece, in which he introduces Corto Maltese to the world. Corto is but one of a strong ensemble cast of characters whose lives permeate the entire 12-book series. It is here that we also meet the young and beautiful Pandora, her brother Cain, the mysterious criminal mastermind Monk, the grim and ferocious Rasputin, Lieutenant Slutter of the German Navy, and the natives Skull and Tarao. *The Ballad of the Salty Sea* is also hailed as the first example of the literary comic strip. Pratt was inspired by Conrad, Stevenson, and London, but even more directly by Henry de Vere Stacpool's *Blue Lagoon*, from which the author got the idea of a small island in the Pacific which he named "Escondida."

THE LAB

writer/artist/cover **Allison Conway**

The Lab is a wordless visual journey into the grim machinery of exploitation. Its nameless protagonist is held in solitary captivity, alternately poked, prodded, starved, drugged, and worse. Brief glimpses of other test subjects, undergoing their own ordeals, are few and far between. But is all this abuse and isolation purely arbitrary? Or is there a purpose?

Painstakingly and evocatively rendered, Allison Conway's debut graphic novel explores the spectrum between lifeless gray and vivid color. It asks uncomfortable questions about the treatment we tolerate and the injustices underlying our modern world.

DAVE COCKRUM'S X-MEN ARTIFACT EDITION

writer **Chris Claremont, Various**
artist/cover **Dave Cockrum**

By 1975 the *X-Men* had been relegated to reprint status for a number of years, and the title was not a safe bet to become one of the most popular comic book franchises of all time—but with the launch that year of GIANT SIZE X-MEN #1, by **Len Wein** and **Dave Cockrum**, that is precisely what happened! Dave Cockrum was the artist and architect of this newly revamped team, and he co-created Storm, Colossus, and, perhaps most notably, Nightcrawler. After the runaway success of *Giant Size X-Men #1*, the title began producing all-new stories with *X-Men* #94... and the rest is the stuff comic book dreams are made of!

This Artifact Edition contains more than 100 pages from Cockrum's initial run on *X-Men*, as well as some pages when the artist returned later for a second run on the characters several years later. As with all Artist's Edition style books from IDW Publishing (which have so far won six Eisner Awards), the pages presented were all scanned from Cockrum's actual original art and are printed at the same size they were drawn, mimicking the look and feel of the artist's hand-drawn work. As an added bonus, there is a gallery section featuring covers, sketches, and a few surprises—this is an art book MADE for fans of Dave Cockrum's *X-Men* art!

SPOTLIGHT ON

DAN ABNETT & VASCO GEORGIEV INTRODUCE THE WORLD OF DEJAH THORIS

For someone who's never read Dejah Thoris... who IS Dejah Thoris?

ABNETT: Dejah Thoris is a warrior, a princess and a scientist. Born to noble blood in the House of Helium, the greatest city of ancient Mars, she might have been expected to live the pampered, luxurious life of any beautiful noblewoman. But Dejah is smart and cunning — she has embarked on a life of adventure, using her wits, her great intelligence and sometimes her physical prowess with a sword or radium gun to get herself out of danger. She is one of Mars' greatest heroes, as clever as she is beautiful, as she is brave. She is also now the head of a dynasty of leaders who hold the fate of Mars in their hands.

But your story's not just about Dejah... can you talk about the world of Barsoom that you and artist Vasco Georgiev are building?

ABNETT: Dejah is the central figure, but I wanted to create a saga that really explores Burroughs' amazing setting — the rival cities of dead Mars, the savage tribes, the dynasties and in-fighting, the amazing (and dangerous) wildlife. Barsoomians live long lives, so they all appear young to us but alongside Dejah, I will be dealing with a strong supporting cast including the feisty Llana of Gathol, Dejah's granddaughter, her daughter-in-law, the mysterious Thuvia of Ptarth, and others such as the warrior Kantos Kan and the 'green Martian' warlord Tars Tarkas. It's a huge saga, a dynastic struggle for the control of the planet, but also one that will decide the dying world's fate. And I'd say this — if you've never read a "Mars" story, or you're not familiar with the amazing, complex lore of the setting (it's a brilliantly detailed, well-worked-out world), then don't be put off. The story will make everything clear as it unfolds, and explain the details of Barsoom as we move along. So it's a dramatic tale of high adventure and epic conflict, but it's also a great primer for one of the most famous and well-imagined worlds in science fiction.

What's your approach to visualizing the vast, foreign world of Barsoom?

VASCO: One of the things that makes Barsoom so special, is the mixing together of sci-fi elements with classic medieval weaponry, warfare, and architecture. When drawing Barsoom I combine organic shapes with rough textures and imagine them spanning vast spaces while keeping the general design concept as minimalist as possible. When designing the Barsoomian aircraft I use sailing ships from the age of sail as references and reimagine them "sailing" the dried out Martian seas. Overall, I keep thinking "medieval sci-fi" and just have fun with it.

SPOTLIGHT ON

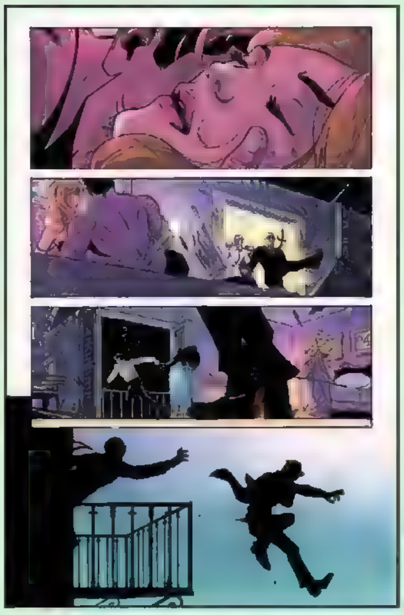
THE BOND CREATIVE TEAM: THEIR INFLUENCES AND APPROACH...

Who's your James Bond?

VITA AYALA, WRITER: To me, there are two Bonds. The assassin, and the man. The assassin is calculating, incredibly good at his job, cold. The man is vulnerable, funny, and charming. They both inhabit the same being. I think what makes James most interesting to me is the way that he uses both to navigate the world. None of it is a lie — just, compartmentalized.

He is also just the coolest, most suave man you'll ever meet. I think that comes with being able to seamlessly adjust to whoever he is engaging. He is incredibly intelligent, but I think that is filtered through an impatience that gets him into trouble (though, in the end, Bond always gets his man).

The danger and mystery mixed with the charm are too much to resist...



Eric Gapstur interior art, **Roshan Kurichiyanil** colors

What's your angle into the spy world?

DANNY LORE, WRITER: In the same way that Bond is this iconic walking contradiction, my favorite two things about spy stories are also polar opposites. On one hand, a good spy story is held up by the weight of conspiracy — of the feeling that there's another, bigger, more important rung on the ladder that the characters can get to. On the other hand, how awesome is it when you get to revel in the tense, tiny details? A quick exchange of a data stick, the close up of the dial on a locked box and the small puff of breath as an assassin readies themselves. Those are my two main angles when I'm getting into the genre, and hopefully we'll get to do quite a bit of both in our run!

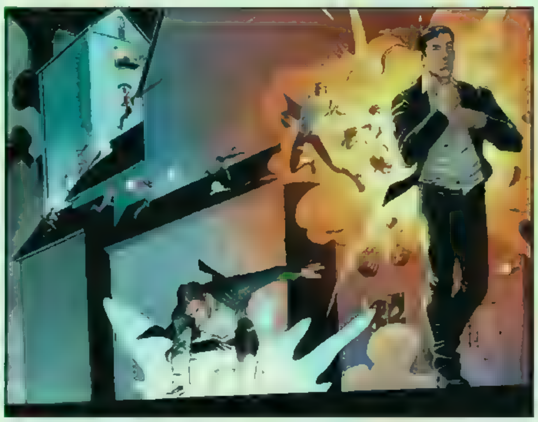
What's unique about drawing a world of spies?

ERIC GAPSTUR, ARTIST: It's a world dripping with shadows, so it's a fun opportunity to push the chiaroscuro on the page that doesn't typically present itself in more bright and flashy superhero stories.

What's your approach to coloring a world of espionage?

ROSHAN KURICHIYANIL, COLORIST: With James Bond, I got the opportunity to work with an amazing crew! So, my main job was to NOT mess up all the good stuff they had already sent me, but to try and evoke a feeling of mystery, anticipation and intensity associated with the world of espionage, through colors and values. I see color as a crucial storytelling tool. My process starts with reading the script thoroughly to understand the tone and mood for each important sequence in the arc to get a feel of what the writer and artist are trying to emphasis. Once I have a clear idea , I'll work out a rough color key for the entire arc to see what kind of colors help tell the story better, while planning the lighting based on cues from the inks. For this project, I decided on a style with a lot of texture brushes and slight rendering to retain a grungy feel even when the colors would travel to the bright and saturated side of the palette; setting an intriguing world for all sorts of exciting stunts.

Before this new series starts, you'll have twelve issues of Bond under your belt! How does one letter a Bond story?



Eric Gapstur interior art, **Roshan Kurichiyanil** colors

ARIANA MAHER, LETTERER: Bond stories are a thrill to letter. I get to use a crisp, clean lettering style for the dialogue, but once the action gets brutal, I can make the sound effects reflect that with rough brush strokes and heavy impacts. I keep a style library just to store all of the different types of sound effects I've used or created for James Bond 007 to both help keep me consistent and inspire me to try new things throughout the dozen issues I've worked on the series. I hope to carry my bag of tricks with me to future Bond stories as well. I've teamed up with Rosh and Eric on earlier James Bond 007 story arcs, so I know how much fun I will have lettering over their artwork once again with the upcoming James Bond. I'm so excited for thev wild spy adventures Danny and Vita have in mind for our team.

The uprising at Attica Prison remains one of the bloodiest civil rights confrontations in American history… but without Frank “Big Black” Smith it could have been even worse. Now for the first time, the late Frank “Big Black” Smith shares his experience at the center of this uprising, struggling to protect hostages, prisoners and negotiators alike.

TITANIC TOMES!

titanic

/tī'tanik/

adjective / Of exceptional strength, size, or power.

tome

/tōm/

noun / A book, especially a large, heavy, scholarly one.

Omnibus and deluxe editions have become one of comics' most popular new formats; huge hardcover volumes that collect within their covers a large chunk of a comic book series. What makes a "Titanic Tome"? First and foremost it's a volume's overall size. Whether a book stretches its format past the standard 7" x 10" or 8" x 11" sizes, or pushes it's page-count into upper digits past 200 pages, size does matter!

This month, we're celebrating these massive collections throughout this issue, and we've got a nice cross-section of offerings to tempt you with here... as well as elsewhere in this issue!

WILD THING OR: MY LIFE AS A WOLF—A FABLE

HARDCOVER | 160 PAGES | COLOR | TEEN
FABLE, FANTASY | 7.5" X 10.2" | $24.99 | DEC 18

WRITER/ARTIST: **CLAYTON JUNIOR**

IF YOU ARE A FAN OF EISNER AWARD WINNERS *BEASTS OF BURDEN* OR *MOUSE GUARD* YOU WILL LOVE WILD THING!

Wild Thing Or: My Life as a Wolf tells the story of an affectionate and inquisitive Labrador named Silver, who grew up on a farm with his master and his hundreds of sheep. But Silver dreams of adventure, bored by the monotony of his farm life... What is beyond the hills? Where does the river flow? Which animals live in the forest? So many questions without answers...

One night, Silver meets a trio of hungry wolves. Attracted by their unhindered life-as enticing as it is dangerous-he decides to follow them, and learns to live the wild life with the pack, which is rough and exhilarating at the same time. Along the way he discovers love, and the ravages of human civilization that are reducing the living space of animals, threatening their very existence.

A charming stand-alone, fable-style story with broad age range appeal, *Wild Thing* was recently nominated for Best Young Fiction and Best New Artist for this year's HQMix Comics Awards (the 'Brazilian Eisners'). The book features an expanded sketchbook section by the author that gives a look behind the scenes into the development of this captivating original graphic novel adventure.

SAL CIPRIANO letterer
HAYDEN SHERMAN cover

For nearly two centuries, scholars have wondered how on earth Mary Shelley, a nineteen-year-old girl, was able to conjure one of the most frightening and enduring horror stories of all-time: *Frankenstein*.

But with the recent discovery of Mary Shelley's secret memoir, the truth is finally revealed: Mary Shelley didn't just write *Frankenstein*, she lived it. Traveling back to that historic Geneva winter of 1816, Mary, her fiancé Percy, sisters Claire and Fanny, and the celebrated poet Lord Byron, find themselves guests of the eerie Frankenstein Estate. The macabre and frightening events that follow lead Mary to both a gruesome and shocking discovery. Their mysterious host is not at all what they expected, and their intentions will change the course of Mary's life forever.

Brought to life by Adam Glass (ROUGH RIDERS, THE NORMALS, THE LOLLIPOP KIDS) and Olivia Cuartero-Briggs (ETV's *The Arrangement*) with art by Hayden Sherman (COLD WAR, *The Few*, *Wasted Space*), MARY SHELLEY: MONSTER HUNTER is historical fiction at its most (After)shocking! LOVE AFTER THE END: TWO-SPIRIT UTOPIAS & DYSTOPIAS SC

What are the adventures that lie beyond the end of our world? In a perfect world, how do we grow? In an imperfect world, how do we resist? Fantasy and sci-fi rarely imagine futures with Indigenous nations and cultures as they are today, preferring alien civilizations as subpar metaphors. Similarly, issues of gender fluidity are excused by being part and parcel of magical beings instead of human heroes. In this collection of stories, we showcase a variety of stories by Indigenous authors imagining different possible futures of our world, told through the lens of the 2SQ (Two-Spirit & queer) heroes in the lead roles. ENOUGH SPACE FOR EVERYONE ELSE GN

While the sci-fi and space fiction genres, in theory, are about the infinite possibilities promised by outer space and the future, they have become dominated by the same imperialist tropes and narratives, about the same types of characters. Enough Space for Everyone Else aims to reclaim these genres and the notion of infinite possibility... both in what kinds of stories and whose stories can be told in these genres. (A/CA) Grzegorz Rosinski

The first two volumes of the adventures of *Thorgal*, published in 1980, translated into English at last in this retroactively numbered double volume. Thorgal's coming-of-age is painfully similar to the rest of his life: the young man finds himself tied up to the stone of sacrifice by Gandalf the Mad, king of the Vikings of the North and father of his beloved Aaricia. There, the Child of the Stars can do nothing but wait for the coming tide - and death. Until, that is, a mysterious sorceress with flaming red hair comes to offer him a deal: his life, and revenge, against one year in her service. (STL138761) (C: 0-1-1)

After the events of *The Time Opener*, Valerian and Laureline reverted to childhood, and are now living with Mr. Albert on 21st century Earth. But in a universe where time travel is a reality, words like "after" or even "now" can be somewhat ... hazy, and elsewhere, in other times, our young but nonetheless adult agents are still working tirelessly to maintain a galactic peace threatened as always by greed and the thirst for power. THE HOODED GUNMAN: AN ILLUSTRATED HISTORY OF COLLINS CRIME CLUB HC

(W) John Curran

The Hooded Gunman was the sinister figure who, having appeared in various guises on the covers of William Collins' various series of Mystery and Detective books in the 1920s, finally gained recognition with the launch of Collins' Crime Club, becoming the definitive imprint stamp on more than 2,000 books published by that august imprint between 1930 and 1994. From Agatha Christie to Reginald Hill, the Hooded Gunman was a guarantee of a first-class crime novel for almost 65 years, and those books are now as sought after and collectable and almost any other book series. Written and researched by Agatha Christie writer, expert and archivist Dr John Curran, this sumptuous coffee table book looks back at the history of the Crime Club and its authors. (STL138142)

BLANKETS GN

(W/A/CA) Craig Thompson

Blankets is the story of a young man coming of age and finding the confidence to express his creative voice. Craig Thompson's poignant graphic memoir plays out against the backdrop of a Midwestern winterscape: finely-hewn linework draws together a portrait of small town life, a rigorously fundamentalist Christian childhood, and a lonely, emotionally mixed-up adolescence. Under an engulfing blanket of snow, Craig and Raina fall in love at winter church camp, revealing to one another their struggles with faith and their dreams of escape. This groundbreaking graphic novel, winner of two Eisner and three Harvey Awards, is an eloquent portrait of adolescent yearning; first love (and first heartache); faith in crisis; and the process of moving beyond all of that. HOSTAGE HC

(W/A/CA) Guy Delisle

In the middle of the night in 1997, Doctors Without Borders administrator Christophe André was kidnapped by armed men and taken away to an unknown destination in the Caucasus region. For three months, André was kept handcuffed in solitary confinement, with little to survive on and almost no contact with the outside world. Award-winning cartoonist Guy Delisle recounts André's harrowing experience in *Hostage*, a book that attests to the power of one man's determination in the face of a hopeless situation. Delisle conveys the psychological effects of solitary confinement, compelling us to ask ourselves some difficult questions regarding the repercussions of negotiating with kidnappers and what it really means to be free. As a kid, Dandro would temper the tension of his every day with flights of fancy, finding refuge in toys and animals and insects rather than the unpredictable adults around him. *King of King Court* is a revelatory autobiography that examines trauma, addiction, and familial relations in a unique and sensitive way. Chris Cajero Cilla's (*The Heavy Hand*) new book from FU Press is a collection of the artist's short stories created over the past decade-plus that recall the work of contemporary masters such as Matthew Thurber and Michael Deforge, as well as the great underground comix of the 1960s and 1970s. Beyond the 'Big Two'

For decades, the "Big Two" in comics have been Marvel and DC. And that status has been well-earned by the both of them – with both playing home to iconic heroes and heroines, memorable storylines and eye-catching artwork, it's easy to get lost in either publisher's catalog.

When it comes to collecting, it's easy to pick even just one character out of the DC or Marvel catalog to stick with. But plenty of collectors have eschewed both of the Big Two, instead choosing to focus their collecting or even just their regular reading on series from other great publishers like Dark Horse, Image, BOOM!, or others.

A number of our Overstreet Advisors have made note of the uptick in quality storytelling occurring throughout the industry in their market reports for *The Overstreet Comic Book Price Guide* this year.

"For me, this is a really great time period for innovative comics," Elite Comic Source's Jeff Itkin said. "Through the progression of technology and the interest level in comics, we are seeing massive success from independent publishers and self-driven creators. This is fantastic for the industry; it increases the pool of creators, it pushes innovation in both story and art style. It creates more than just a collectible market of issues, it creates readership. Most comics printed will eventually come to TPB format and some may even bypass individual issues completely… The best way to filter is to have a discussion with your local comic shop or go online and find some reviews of genres you enjoy. There is a lot great stuff out there for everyone."

With specific regards to why modern comics have been rising as a popular collectible on their own, Torpedo Comics' Steven Houston credits Image and other publishers to the uptick in sales.

"Year after year, Image publishes new series that explode in popularity, with all the ensuing variants and talk of potential Hollywood attention," he said. "The Image of the 1990s was unashamedly a carbon copy of Marvel and DC's superhero universes, with all the ensuing crossovers and special events, while today's Image provides readers with singular stories, comic series that exist within their own continuities, and perhaps more importantly, stories that do not all revolve around superheroes. Image Comics, along with Dark Horse, IDW, Dynamite, BOOM! and a host of smaller publishers are producing the highest quality diverse comic reading product ever seen."

Obviously there's plenty of superhero fare of the highest quality to go around. But perhaps it may be time for you to pick up something a little different – maybe it'll be the catalyst to kick off your next collection!

Complete Pokémon Card Set Sells for $107k at Auction

A complete first edition run of the Base Set from the 1999 release of the Pokémon Trading Card Game recently fetched six figures, selling for $107,010 at Goldin Auctions. The complete run contained all 103 cards in the set, all of which were graded PSA Gem Mint 10.For some of the cards in the Base Set, there are less than 50 accounted for in this grade.

Pokémon cards have seen high prices before, though it's clear that the Base Set and other early sets are on the rise; an unopened booster box from the Base Set sold last year for $56,000 through Huggins & Scott.

The Pokémon Trading Card Game is a collectible card game developed and published by Media Factory in Japan, and first by Wizards of the Coast in the U.S. before The Pokémon Company took over in 2003. The game has players taking on the role of a Pokémon Trainer, using the titular creatures to battle their opponent.

More information about the history of the Pokémon Trading Card Game can be found in *The Overstreet Guide to Collecting Tabletop Games.*

ANYONE HC
(W) Charles Soule
Inside a barn in Ann Arbor, Michigan, a scientist searching for an Alzheimer's cure throws a switch and finds herself mysteriously transported into her husband's body. What begins as a botched experiment will change her life and the world-forever. Over two decades later, all across the planet, "flash" technology allows individuals the ability to transfer their consciousness into other bodies for specified periods, paid, registered, and legal. But beyond the reach of the law and government regulators is a sordid black market called the darkshare, where desperate "vessels" anonymously rent out their bodies, no questions asked for any purpose. Sex, drugs, crime... or worse. *Anyone* masterfully interweaves the present-day story of the discovery and development of the flash with the gritty tale of one woman's crusade to put an end to the darkness it has brought to the world twenty-five years after its creation. With the head of a dog and the body of a human, this heroic hound digs into deception, claws after crooks, rolls over robbers, and scampers after squirrels. Will he be able to resist the call of the wild to answer the call of duty? Dav Pilkey's wildly popular *Dog Man* series appeals to readers of all ages and explores universally positive themes, including empathy, kindness, persistence, and the importance of being true to one's self. Alliance and Resistance Models

(W) Ryder Windham

After the Clone Wars, the Galactic Empire spared no expense to build a massive fleet of warships to enforce Imperial rule, intimidate defenseless worlds, and destroy all opposition. However, the Imperial Navy underestimated Rebel Alliance fighter pilots, who flew X-wing, Y-wing, A-wing, U-wing and B-wing starfighters, and whatever else they could obtain to fight their Imperial enemies. The *Rebel Starfighters Owners' Workshop Manual* presents a thorough history of the starfighters that served the Rebel Alliance and the Resistance. The history includes design origins, production, and modifications for each Rebel starfighter, and is fully illustrated with numerous photographs, schematics, exploded diagrams, and computer-generated artwork. Comics artist Simon Muchat is stuck. Suffering writer's block, uninspired, vegetating as a school art teacher, he is losing direction and his taste for life, until one day he is invited to appear at a comics convention in Portugal, the country his family came from and which he hadn't seen since his childhood. The experience proves cathartic. Even though he is not Portuguese himself and is a foreigner there, so many elements are familiar to him. Meeting its lively citizens, full of the zest for life, his distant yet welcoming family bringing back fond early memories, all prove reinvigorating, the breath of fresh air he so badly needed. "...A NON-TRADITIONAL SERIES THAT DELIVERS AN EXPERIENCE GREATER THAN THE SUM OF ITS PARTS." —*MULTIVERSITY COMICS*

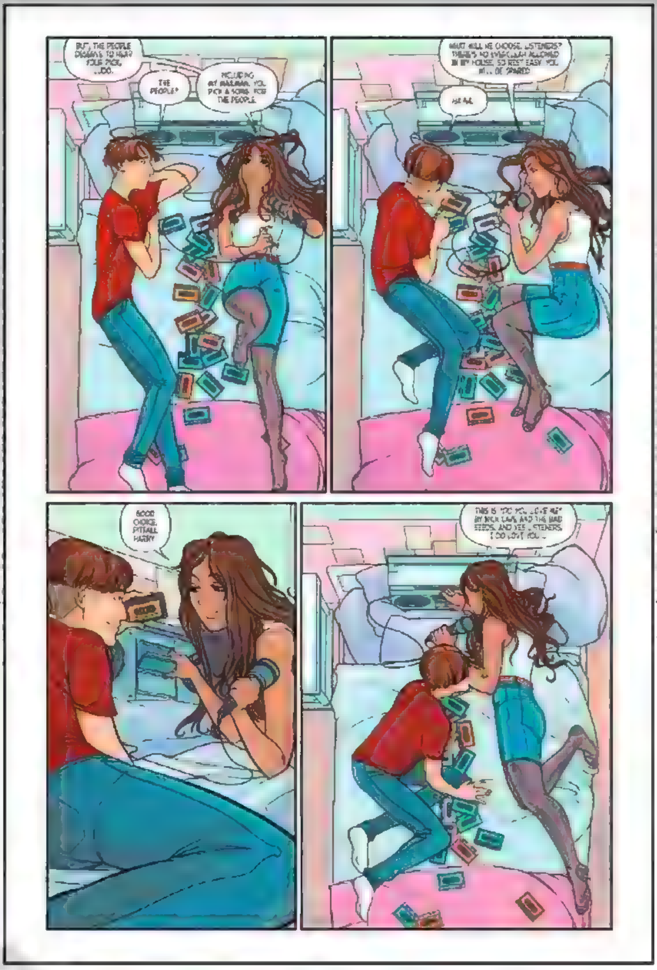
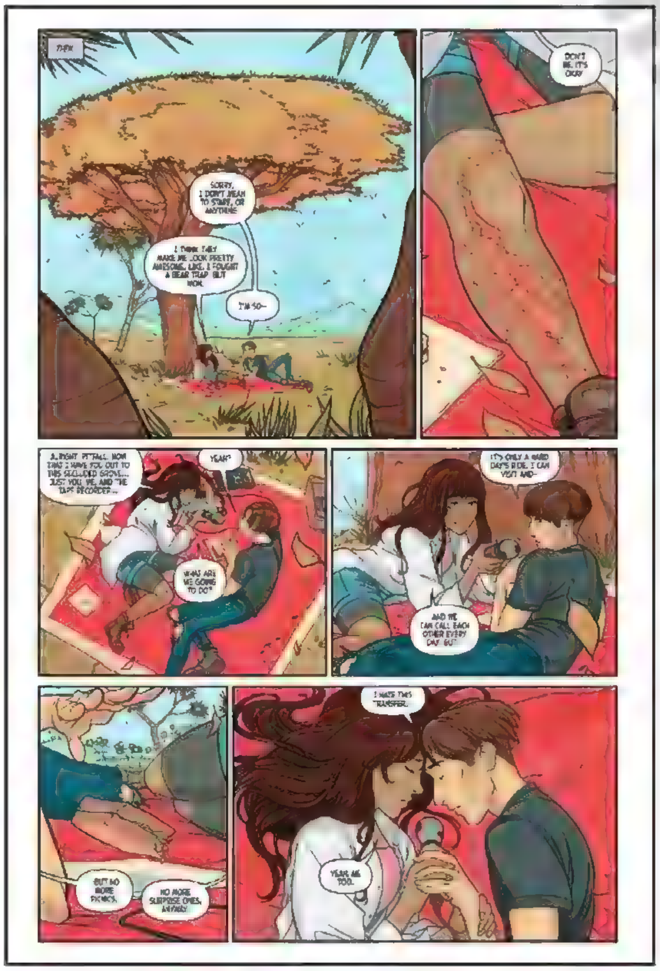
When the fire burns out, the Earth here seems barren. Eventually there'll be greener grass. Taller flowers.
As long as you remember to think about what this grove can be.
And not what it was.



BUT, THE PEOPLE DEMAND TO HEAR YOUR PICK, LUDO.
THE PEOPLE?
INCLUDING MY MAILMAN. YOU PICK A SONG FOR THE PEOPLE.
WHAT WILL HE CHOOSE, LISTENERS? THERE'S NO EYEROLLING ALLOWED IN MY HOUSE, SO REST EASY. YOU WILL BE SPARED.
HEH.
GOOD CHOICE, PITFALL HARRY.
THIS IS "DO YOU LOVE ME" BY NICK CAVE AND THE BAD SEEDS. AND YES, LISTENERS, I DO LOVE YOU.



THEN
SORRY, I DON'T MEAN TO STARE, OR ANYTHING
I THINK THEY MAKE ME LOOK PRETTY AWESOME. LIKE, I FOUGHT A BEAR TRAP, BUT WON.
I'M SO—
DON'T BE, IT'S OKAY
ALRIGHT, PITFALL. NOW THAT I HAVE YOU OUT TO THIS SECLUDED GROVE... JUST YOU, ME, AND THE TAPE RECORDER...
YEAH?
WHAT ARE WE GOING TO DO?
IT'S ONLY A HARD DAY'S RIDE. I CAN VISIT AND—
AND WE CAN CALL EACH OTHER EVERY DAY, BUT
I HATE THIS TRANSFER.
YEAH, ME TOO.
BUT NO MORE PICNICS.
NO MORE SURPRISE ONES, ANYWAY.

HOLOCAUST GRAPHIC NARRATIVES: GENERATION, TRAUMA, AND MEMORY

(W) Victoria Aarons

Employing memory as her controlling trope, Aarons analyzes the work of the graphic novelists and illustrators, making clear how they extend the traumatic narrative of the Holocaust into the present and, in doing so, give voice to survival in the wake of unrecoverable loss. In recreating moments of traumatic rupture, dislocation, and disequilibrium, these graphic narratives contribute to the evolving field of Holocaust representation and establish a new canon of visual memory. As a genre of witnessing, these graphic stories, in retracing the traumatic tracks of memory, inscribe the weight of history on generations that follow. (STL138399) (C: 0-1-0)

ONLY AT COMIC-CON: HOLLYWOOD, FANS, AND THE LIMITES OF EXCLUSIVITY SC

(W) Erin Hanna

When the San Diego Comic-Con was founded in 1970, it provided an exclusive space where fans, dealers, collectors, and industry professionals could come together to celebrate their love of comics and popular culture. In the decades since, Comic-Con has grown in size and scope, attracting hundreds of thousands of fans each summer and increased attention from the media industries, especially Hollywood. What made the San Diego Comic-Con a Hollywood destination? How does the industry's presence at Comic-Con shape our ideas about what it means to be a fan? *Only at Comic-Con* explores these questions and more as it examines the connection between exclusivity and the proliferation of media industry promotion. DOLL ISLAND TP

(W) Mira Mortal (A) D.N.S

Set in the 1980s, *Doll Island* is an unabashed homage to teen slasher films of the same era. Located off the coastal beaches of an idyllic small town, a fabled island draws the curiosity of a tight-knit group of friends. Considered nothing more than a local ghost story, hardly anyone in the town gives more than a passing, shuddering thought to the strange dolls nailed to the thick, ancient trunks of the darkly wooded little isle. The depth of its tragic history has allowed a nameless, deadly sadness to take root and grow among the forest, unchecked. Armed with nothing but a picnic lunch and a youthful enthusiasm for a macabre locale, four friends unwittingly put themselves in the path of the island's long-isolated, long-forgotten groundskeeper. LOU SCHEIMER: CREATING FILMATION GENERATION SC

(W) Andy Mangels (A) Lou Scheimer

Hailed as one of the fathers of Saturday morning television, Lou Scheimer was the co-founder of Filmation Studios, which for over 25 years provided animated excitement for TV and film. Scheimer's company created the first DC cartoons with *Superman*, *Batman*, and *Aquaman* and swung into high adventure with *Tarzan*, *The Lone Ranger*, and *Zorro*. Forays into live-action included *Shazam!* and *The Secrets of Isis*, and in the 1980s, Filmation single-handedly caused the syndication explosion with *He-Man and the Masters of the Universe* and its successors. Now, Lou Scheimer tells the entire story in this book illustrated with photos, model sheets, storyboards, presentation art, and more. (STK360985)

THE COMICS OF ALISON BECHDEL: FROM THE OUTSIDE IN SC

(W) Janine Utell (A/CA) Alison Bechdel

Alison Bechdel is both a driver and beneficiary of the welcoming of comics into the mainstream. Indeed, the seemingly simple binary of outside/inside seems perpetually troubled throughout the career of this important comics artist, known for *Fun Home*, *Are You My Mother?*, and *Dykes to Watch Out For*. This volume extends the body of scholarship on her work from a range of interdisciplinary perspectives. In a definitive collection of original essays, scholars cover the span of Bechdel's career, providing insights on major themes in Bechdel's work, such as gender performativity, masculinity, lesbian politics and representation, trauma, life writing, and queer theory. THE SUPERVILLAIN READER SC

(W) Robert Moses Peaslee,

The Supervillain Reader, featuring both reprinted and original essays, reveals why we are so fascinated with the villain. The obsession with the villain is not a new phenomenon, and, in fact, one finds villains who are "super" going as far back as ancient religious and mythological texts. This innovative collection brings together essays, book excerpts, and original content from a wide variety of scholars and writers, weaving a rich tapestry of thought regarding villains in all their manifestations, including film, literature, television, games, and, of course, comics and sequential art. MANGAPEDIA: SHIGERU MIZUKI, "ONE OF JAPAN'S MOST RESPECTED ARTISTS"

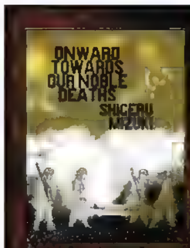
I SHOULD GIVE UP ON BEING AN ARTIST
BUT IT'S WHAT I LOVE.

FROM DRAWN+QUARTERLY

Shigeru Mizuki (1922-2015) was one of Japan's most respected artists. An artistic prodigy, he lost an arm in World War II to a bomb while suffering from Malaria. After the war, Mizuki became one of the founders of Japan's latest craze — manga! During his life and career, he received almost every award the comics industry had to offer, including the Kodansha Manga Award, Eisner Award, and the Angouleme Award, as well as the Shiju Hosho Medal of Honor and the Order of the Rising Sun.



ONWARD TOWARDS OUR NOBLE DEATHS
SHIGERU MIZUKI

SHOWA 1926-1939
A HISTORY OF JAPAN
SHIGERU MIZUKI

Mizuki is also beloved as one of the founders of the *gekiga* movement. His realist and staunchly anti-war stories — like the autobiographical *Onwards Toward our Noble Deaths* (FEB111011) — and the historical series, *Showa: A History of Japan* (*Vol. 1: 1926-1939* / SEP131142) paved the way for a generation of *manga-kas* like Seiichi Hayashi, Yoshihiro Tatsumi, and Yoshiharu Tsuge who wanted to tell stories about the struggles and lives of ordinary folks, and who did so under the moniker *gekiga*, which means *"dramatic pictures."*

Mizuki is a specialist in stories of *yōkai* (a class of supernatural monsters, spirits, and demons in Japanese folklore) and is considered a master of the genre. His series, *Ge Ge Ge No Kitaro* (available in seven volumes as *Shigeru Mizuki's Kitaro*) follows a yokai boy named Kitaro who travels around Japan solving mysteries along with his tricky frenemy, Nezumi Otoko, and a cast of recurring and new characters drawn from Japanese folklore and pop culture.

SYNOPSIS

Yamagishi and Sendo are schoolmates, but that's about as far as their similarities go: one is a short, no-nonsense boxer, while the other is a tall, bookish conspiracy nut. But when they find themselves embroiled in a paranormal phenomenon at school involving plant-faced monster people assimilating innocent victims, it seems they'll have to set aside their differences and work together as best as they can.

Of course, it doesn't help that the only one with any answers to this bizarre situation is a mysterious "paranormal investigator" named Akisato, who insists they must find some sort of "key" to stop it all — before giant insects and other preternatural perils from the world "beyond" get to them first.

Inspired by Lovecraftian horror and the *Call of Cthulhu*, this is a brand-new manga series from the creator of *Monochrome Factor*!

NO LONGER HUMAN

Mine has been a life of much shame. I can't even guess myself what it must be to live the life of a human being.

Plagued by a maddening anxiety, the terrible disconnect between his own concept of happiness and the joy of the rest of the world, Yozo Oba plays the clown in his dissolute life, holding up a mask for those around him as he spirals ever downward, locked arm-in-arm with death.

Buddha the Enlightened One and Jesus, Son of God, have successfully brought the 20th century to a close, and after a few millennia of guiding humanity to salvation, these two sacred ones are in need of some rest and relaxation. They decide to share an apartment on Earth in Tokyo, but living among mortals in the 21st century is no cakewalk for the saintly duo... They may find it difficult to navigate modern Japanese living, but Jesus's carefree attitude along with Buddha's domestic qualities and maybe a few divine interventions will surely allow them to enjoy their new lives with peace and love.

O MAIDENS IN YOUR SAVAGE SEASON VOLUME 5 GN

(W) Mari Okada (A/CA) Nao Emoto

Kazusa was a quiet middle schooler, but she arrived in high school determined to make friends. So (as a huge Harry Potter fan) she decides to join the literature club. When one of the club's icebreakers is "say one thing you want to do before you die," one of the girls blurts out "sex." The prudish club president, the class beauty, and the other nerdy girls' reactions are wildly different. Far from a typical sex comedy, *O Maidens in Your Savage Season* depicts how these girls challenge and support one another when *that word* pushes them onto a variety of clumsy, funny, painful, and emotional paths towards adulthood. TOY TALK: NELSON X. ASENCIO

Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.

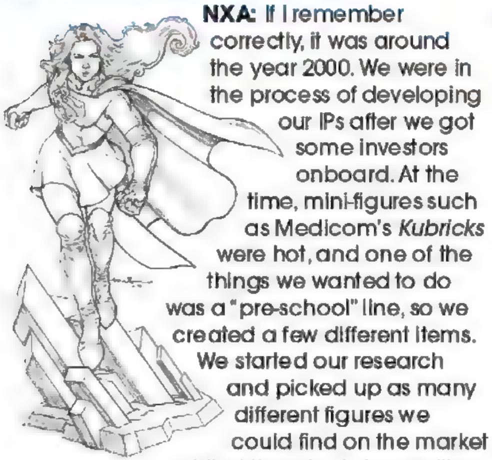
With *Toy Talk*, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *Diamond Select Toys Designer*, NELSON X. ASENCIO...

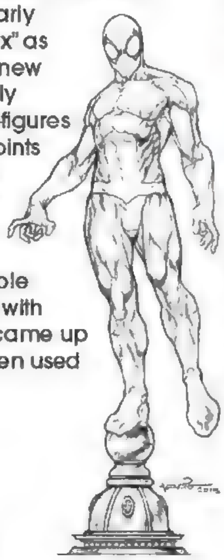
PREVIEWS: How did you get involved in the toy industry as a designer?

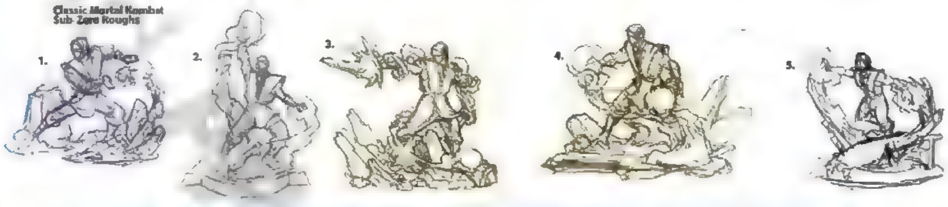
Nelson X. Asencio: I started out my career as a comic book artist working for Crusade Comics when I met William Tucci at the Comic Den in Kew Gardens. He saw my work and hired me on the spot. I started out drawing and inking backgrounds on the second issue of *Shi* and eventually inked some covers and full interiors for the series. A few years later I went to San Diego to look for other opportunities in the field of comics and I ran into a good friend and artist, Mshindo. Mshindo introduced me to Digger, the owner of Art Asylum, a toy design studio in my hometown of Brooklyn, which was great cause they were only a train ride away. I showed him my work and a few weeks later, I got a call from Digger and started my first project in Toys. It was inking some intellectual properties for the studio. When I finished that project, I started working on other things for the studio and learned how to draw control art, which are turnarounds that the sculptors use as a guide to sculpt the action figures we created. I also learned how to mold and cast the sculpts we worked on. There was so much to learn, and I was up for learning as much as possible! A few years later, I was asked to run the 2-D department and became a Senior Art Director for Art Asylum and jumped at the opportunity. In 2005, I broke away from Art Asylum and started Storybox Ink Studios, catering to the toy industry. My ultimate goal is to release my own intellectual properties and also to collaborate with more artist friends.

P: With Art Asylum you designed the Minimates body that's been used in countless characters and licenses. Tell us about that creation...



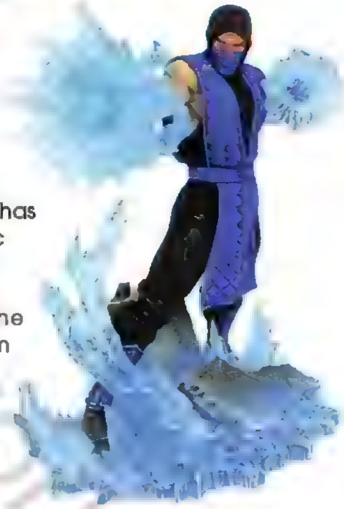
NXA: If I remember correctly, it was around the year 2000. We were in the process of developing our IPs after we got some investors onboard. At the time, mini-figures such as Medicom's *Kubricks* were hot, and one of the things we wanted to do was a "pre-school" line, so we created a few different items. We started our research and picked up as many different figures we could find on the market at that time. I sat down with the guys in the 2-D department and started brainstorming. Also, in the early stages, we were using "Mimix" as a working title. One thing I knew was that I wanted it to be fully articulated since these mini-figures mainly had the basic five points of articulation. So, we hit the drawing board and started designing Minimates, playing with different points of articulations, possible ball joints, and also playing with proportions! Eventually, we came up with the body which has been used ever since!





Classic Mortal Kombat Sub-Zero Roughs

P: Talk about working on the Mortal Kombat Gallery Sub-Zero PVC, *the first* Mortal Kombat *figural offering for DST...*



NXA: Working on the *Mortal Kombat Gallery PVCs* was awesome because I have been a huge fan of the property for many years now. I remember going to the local pizzeria and playing this game with my friends when I was younger, of course Sub-Zero and Raiden were my favorite characters! When Chuck Terceira (DST President) asked me to work on this, I was ecstatic to say the least, so I'm happy Diamond Select has the property now. Sub-Zero has become such an iconic character over the years, so I needed to come up with something badass for him. I sat down and watched some YouTube videos of him in action and thought of the still moments and of the fatalities. I wanted to freeze him in time (no pun intended!) using his abilities, and I'm hoping people like it, because I feel it's important to try and give the fans something that showcases their favorite characters in poses they love.

P: Finally, looking back on all your years with Diamond Select Toys, what is one of your favorite projects you designed?

NXA: As I look back at all these years designing for Diamond Select Toys, I am honored to have worked on so many properties. I would have to say that some are my favorite pieces have been the latest ones because as the years go by, I see myself thinking in things differently design-wise. Another thing I learned drawing control art and being around sculptors, is thinking 3-dimensionally. I try to envision my designs from different points of view, so the statue looks interesting from different angles. That being the case, at this point *Bruce Lee Water Gallery PVC* is one of my favorites, especially because it's Bruce Lee! It's an honor to get a chance to work on an icon like Bruce, and Rocco the sculptor did a beautiful job!
